

Emperor Carl Quits Vienna

COURT-MARTIAL OF DEEDS URGED IN HUGHES' AIRCRAFT REPORT

Washington, November 1.—The long awaited report on the aircraft investigation, conducted during the last five months by Charles E. Hughes and Attorney General Gregory, was placed before President Wilson yesterday afternoon, by the Attorney General and immediately made public.

Delays and waste of the production program, the report declares, were due chiefly to "the defective organization of the work of aircraft production and the serious lack of competent direction of that work by the responsible officers of the signal corps."

No fault is found with the management of aircraft affairs since the reorganization of last May, which placed John D. Ryan in charge. The civilian personnel of the Aircraft Production Board is exonerated of any wrong doing.

Attorney General Gregory, in a letter transmitting the report, to President Wilson, says he is in "substantial accord" with the findings by Mr. Hughes.

The report finds no "graft" in the generally accepted sense, but makes the recommendation for proceedings against army officers held guilty of dealing with corporations in which they were interested.

The chief waste from the original appropriation of \$691,851,688, the report says, was in the abandonment of two types of airplanes one of them the Bristol—and a failure to salvage, aggregating about \$24,000,000.

The figures show that last May of that great appropriation \$134,000,000 actually had been disbursed and that up to October 1 the expenditure had reached \$141,000,000 for all aviation purposes. This did not include expenditures of the sales department, which buys materials and resells it to manufacturers, and for advances for building plants.

Contracts let, however committed about \$470,000,000 of the fund. The figures are given in answer to the general charge that the sum had all been expected with practically no results.

The Attorney General concludes in his letter of transmittal that "No such profits have been allowed as to justify a charge of bad faith."

Colonel E. A. Deeds, the storm center about whom raged most of the charges which brought on the investigation, the report recommends should be brought before a court-martial for sending confidential war department information on the aircraft situation to former business associates in Dayton, Ohio, and for being sponsor last February for "grossly misleading statements" to the effect that "the first American built battle planes are today enroute to the front in France."

Criminal prosecution of three army officers are recommended on the

ground that they transacted business with corporations in which they were financially interested. These officers are Lieutenant Colonel J. G. Vincent, former vice president of the Packard Motor Car Company, now in charge of the airplane engineering division of the Aircraft Production Bureau; Lieutenant Colonel George W. Mixer, a stockholder in the Curtiss Airplane and Motor Corporation, production manager of the Aircraft Bureau, and Second Lieutenant Samuel B. Vrooman, Jr., inspector of propeller lumber and stockholder in the S. B. Vrooman Company, Philadelphia, which sold mahogany to the government for airplanes.

Mr. Hughes concluded his report with the statement that "it is not within the province of this report to make recommendations with respect to administrative policy, but it should be said that under the direction of Mr. Ryan and Mr. Potter there has been improvement in organization and progress has been made in gratifying measures."

William C. Potter, to whom Mr. Hughes referred, is assistant director of aircraft production.

The general conclusions and recommendations by Mr. Hughes follows:

"The evidence discloses conduct, which, although of a reprehensible character, cannot be regarded as affording a sufficient basis for charges under existing statutes, but there are certain acts shown, not only highly improper in themselves, but of especial significance, which should lead to disciplinary measures. The evidence with respect to Colonel Edward A. Deeds, should be presented to the Secretary of War to the end that Colonel Deeds may be tried by court-martial under articles 95 and 96 of the articles of war for his conduct (1) in acting as confidential adviser of his former business associate, H. E. Talbot, of the Dayton Wright Airplane Company and in conveying information to Mr. Talbot in an improper manner, with respect to the transaction of business between that company and the division of the signal corps of which Colonel Deeds was the head; and (2) in giving to the representatives of the Committee on Public Information a false and misleading statement with respect to the progress of aircraft production for the purpose of publication with the authority of the Secretary of War."

"The absence of proper appreciation of the obvious impropriety of transactions by government officers and agents with firms or corporations in which they are interested, compels the conclusion that public policy demanded that the statutory provisions bearing upon this conduct should be strictly enforced. It is therefore, recommended that the officers found to have had transactions on behalf of

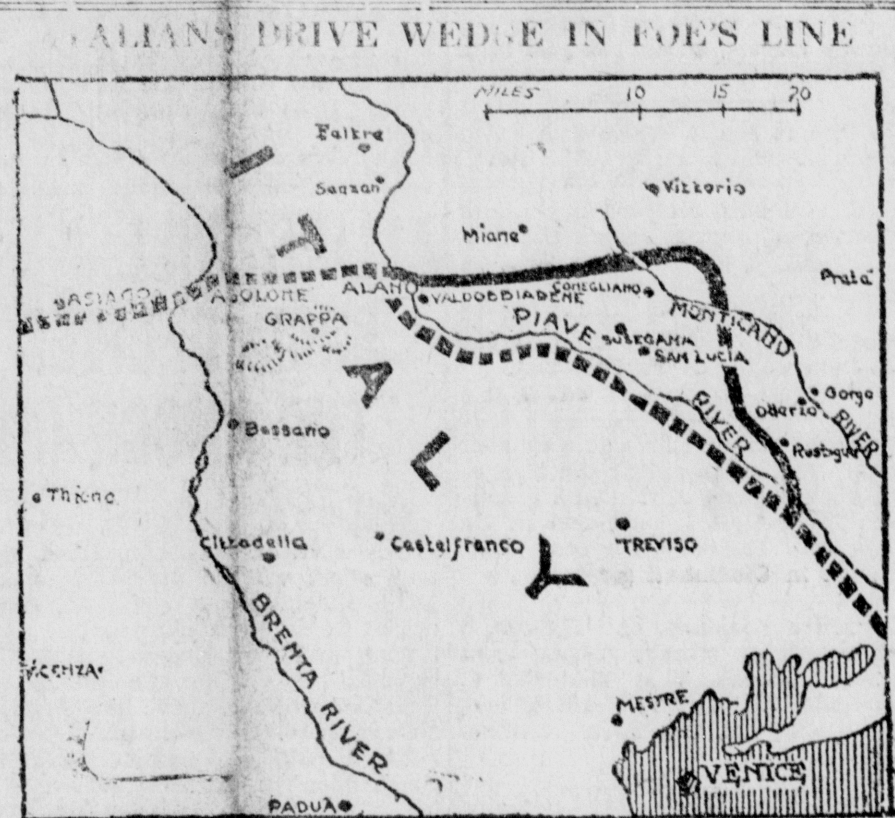

the government with corporations in the pecuniary profits of which they had an interest, should be prosecuted under section 41 of the criminal code. "The Federal Trade Commission should be required to report upon the proper cost of mahogany for airplane propellers to the end that upon the coming in of its report the question of the propriety of further action with respect to the transactions of the Mahogany Manufacturers and Importers' Association may be determined."

"It is recommended that the representatives of the Department of Justice should keep in touch with the progress of the audit of accounts so that it may be advised of the complete enforcement of the rights of the government in final settlement of the accounts and that the government has been fully protected against unnecessary loss through waste and the absence of suitable factory supervision."

"Permit me to suggest that a special division or subdivision of the present Bureau of Investigation in the Department of Justice should be assigned to the consideration of suggested delinquencies in connection with aircraft production, so that the work already done may be appropriately followed up. In particular, it is recommended that the activities in relation to spruce production, while being largely centered on the Pacific Coast, it was impracticable to embrace in the present inquiry, should be carefully scrutinized."

"An exhaustive examination," says Attorney General Gregory's letter of transmittal, "into the entire conduct of aircraft matters fails to show that any member of either board has had any desire to retard or delay production, or has done anything to accomplish that result, or has intentionally caused the waste of funds, or been actuated by a disloyal motive, or been guilty of dishonesty or malfeasance, unless there be truth in the specific charge which will now be referred to. (The charge against Colonel Deeds, and the officers charged with dealing with concerns in which they were interested.)"

"I agree with the conclusion reached by Judge Hughes that there is no evidence upon which it fairly can be charged that any member of the Aircraft Boards, including Mr. Howard Coffin, General Squier, Colonel E. A. Deeds, Colonel R. L. Montgomery, Colonel S. D. Waldron, Mr. Richard F. Howe, Mr. Harry B. Thayer, Admiral Taylor and other naval officers, has been unlawfully interested in any contract or transaction relating to aircraft production. Indeed, as to this charge, there has at no time been ground for a question involving any of these gentlemen except Colonel Deeds."

The Italians have driven a deep wedge into the Austrian lines north-east of Treviso, which may compel a general retreat of the enemy. Their advance has carried them more than ten miles beyond the Piave and across the Monticano river.

AUSTRIAN FRONT IN GRAPPA REGION HAS COLLAPSED

Zurich, Nov. 1.—Emperor Carl, in leaving Vienna for Godollo ordered the authorities to yield unresistingly to the new regime, according to advices here today.

The Emperor also wired Archduke Joseph to take similar action. The latter who had previously been designated by Karl to take steps toward greater independence for Hungary, left Budapest after a republic had been proclaimed.

Rome, Nov. 1.—The Austrian front in the Grappa region has completely collapsed, the Italian war office announced today.

It is impossible to estimate the number of prisoners, which are coming down from the mountains in flocks.

All the enemy's artillery was captured.

"North of Di Della, troops in the sixth army, advanced along the Brenna valley, capturing two medium caliber guns, which yesterday morning fired heavily on Bressano, (4 miles behind the Italian lines) the statement said.

"In the Grappa region, under the impetus of the fourth army, the enemy front collapsed. It is impossible to estimate the number of prisoners which are coming down from the mountains in flocks. The hostile artillery was all captured."

"The twelfth army has forced the gorge of Quero (northwest of Valdobbiadene) and had passed beyond the spur east of Mont Ceson, advancing up the Piave valley."

The Italians have reached Motta Di Livenza, six miles east of Oderzo, and Torre Di Mosto, eight miles northeast of San Dona Di Piave.

"The third and tenth armies have reached the Livenza. Advanced guards have entered Motta Di Lavenza and Torre De Mosto.

"Prisoners, guns and booty have been taken on all sides."

GERMANY'S BACK DOOR IS FORCED OPEN BY ALLIES

London, Nov. 1.—(By British admiralty wireless)—The effect of the Austrian break up on the war will be immense, said the London Daily News today. It is obvious that the allies would consent to no armistice which did not provide for the case of Bulgaria, for unhindered passage of their troops and the prosecution on Austrian soil of war against Germany.

Even if Austria were disposed to refuse that demand, she would be powerless to resist it. Her constituent peoples are in revolt against her, and the Czechs and Slovaks and the Jugos have been recognized by the entente as allied belligerents.

That is enough in itself to secure to the allies an entrance to and passage through what has hitherto been enemy territory. The importance of that is not its effect upon Austria, but its effect on Germany.

It means that her back door is forced. Bohemia, now passing rapidly into the hands of the Czechs-Slovaks adjoins Russia, Saxony, and the eastern frontier of none of these states is organized for defense.

Without moving a man from the west, the allies could draw from their southern and eastern fronts a force more than sufficient to drive a way into Saxony or Bavaria—and that without taking into account the support the new independent Slav race might render.

Against that fatal encirclement Germany cannot struggle.

BAKER TO ACT SOON ON HUGHES AIRCRAFT REPORT

Washington, Nov. 1.—Secretary of War Baker was considering today the recommendation of Charles E. Hughes, that the war department consider the advisability of courtmartialing Col. A. E. Deeds, aircraft leader. The Hughes report of investigation into the aircraft situation placed in Baker's hands late yesterday was studied by the secretary last night and a decision as to courtmartial was expected soon.

The report was generally viewed here as milder in its conclusions than the senate air-probe findings.

Hughes held Deeds was guilty of nothing criminal, but considered he had done things unbecoming an officer in giving war department data to men with whom he was formerly associated, and that he had advised the committee on public information incorrectly as to the air program.

At the same time Hughes recommended criminal action against Lieut. Col. J. G. Vincent, former Packard Motor Car Company, vice president; Lieut. Col. G. W. Mixer and Second Lieut. Samuel B. Vrooman, Jr., for alleged violation of statutes providing that government officers shall not have business interests in concerns with which they have official contact.

Neither political party found much for campaign material in the Hughes report. One phase eagerly seized upon by politicians was that Hughes showed Henry Ford persisted in employing men of German origin. Gregory's report added that the results of Ford's factory had been fully up to requirements.

GERMAN PORTION OF BOHEMIA SETS UP A REPUBLIC

Amsterdam, Nov. 1.—The German portion of Bohemia has been formally constituted a republic, a Vienna dispatch announced today.

German members of the Austrian Reichstag re-elected Herr Pacher, a radical, as president and selected Reichenburg as the capital.

Two separate states apparently, have been formed in Bohemia, one by the German population and the other by the Czechs. The latter constitute about 75 per cent of the population of 6,500,000. They have selected Prague, midway between Vienna and Berlin as their capital. Reichenburg, a city of 35,000 is located 58 miles northeast of Prague.

REVOLUTIONARY TROOPS CONTROL CITY OF BUDAPEST

London, Nov. 1.—The initial smoke of revolution is rising in Vienna, according to neutral reports.

Although it is doubtful that it actually has blazed out yet, it is reported that revolutionary troops control Budapest and have proclaimed a republic. They have occupied all public buildings, it is reported, and the national council is obeying them.

Election Returns

Stereopticon election returns will be thrown on a screen in front of The Gazette and The Republican Tuesday night.

British cavalry passing ruins of Albert cathedral.

The pictures of wanton destruction and devastation wrought by the Germans in their retreat show

the allied forces on to greater efforts. This British official photo shows a detachment of British

cavalry in pursuit of the fleeing Huns passing what remains of the once beautiful Albert cathedral.

chines were destroyed by the British and 15 driven down out of control.

The French destroyed 17. Eighteen British planes failed to return.

The British dropped nearly 22 tons of bombs on enemy objectives, while the French dropped 26,850 kilos (more than 29 tons).

Military targets in Longuyon, Metz, Hirson, Dommar, Baroncourt, Spincourt, Lamois, Chimay, Vervins, and Quenon-Porcien were bombed. "British infantry and mounted troops have occupied Sacile," the statement said. "Italian tenth army troops have reached the Livenza from Sacile to Brugnera."

"South of the Oderzo-Portogruaro railway we are advancing rapidly."

"The enemy is falling back in the Grappa sector."

"Prisoners taken by the Tenth army now number more than 10,000."

CONFERENCE MAY END SUNDAY

Paris, Nov. 1.—The inter-allied diplomatic council meetings will not end before Sunday, was the belief expressed here today.

SALE DATES RESERVED

Nov. 8—L. E. Rudduck.
Nov. 6—L. R. Jones.
Nov. 7—Whittington & Trader.
Nov. 9—E. E. Finney.
Nov. 11—J. P. Fudge.
Nov. 20th—J. G. Conklin.
Feb. 20—L. B. Stingley.

LOCAL ITEMS

Mr. and Mrs. Arch Jeffries and son Earl, are visiting relatives at Greenfield, Ind., and while there they will visit Camp Benjamin Harrison.

A little company of ten friends spent Halloween as the guests of Mrs. Anna H. Haverstick at her home on west Market street. The company had a thoroughly delightful evening. There were decorations and dainty refreshments carrying out the Halloween idea.

Let us tell you about our free bill proposition. Call at this office.

Mr. and Mrs. E. O. Barnett who held a sale of their farm goods at their home on the Upper Bellbrook pike Friday, are moving to Xenia, and will occupy the north side of the two apartment house owned by A. C. Garwood, on North King street.

Erwin Huffman of the Jamestown pike has purchased the Glessinger farm four miles east of Xenia and will take possession the first of March. Mr. Huffman expects to make this his home.

Get it while you can. Famous West Virginia Gem Coal. Stiles Company. adv 11-1

Mr. and Mrs. Raymond Wolf entertained at dinner Thursday night in honor of Miss Louise Wolf and Mr. Arthur Dean, whose marriage will take place this month. There were covers for ten.

Gazette Route for sale quick. Good paying route. 11-1

Mr. and Mrs. O. J. Love of South Detroit street will go to Hillsboro, O., Saturday, where they will be guests of relatives over Sunday.

For Sale—Lady's black coat suit, size 36; also light weight brown coat. Call 318-R.

Raymond Shepard who has been very ill with pneumonia is very much better and able to be out now.

Mrs. Harry Richards of East Market volunteered and is helping to take care of the sick children at the O. S. & S. O. Home.

Mr. and Mrs. Rex Wells and two children, of Toledo, Ohio, are motor-ing through from Toledo and will be the guests of Mr. and Mrs. Clarence Frazer for a few days.

WEATHER REPORT

Fair tonight and Saturday, continued cool with frost if sky clears.

Lost, black pocket book, on E. Main street, in front of colored school. It contained business cards, door key and about \$8 in money. Finder please return same to Madam C. Smith, 4 Columbus ave.

Mr. and Mrs. William Lampert and baby of East Church street are moving to St. Louis, Mo., where they will make their home.

Mrs. L. A. Pavey of Leesburg, Ohio, is the guest of her son-in-law and daughter, Dr. and Mrs. A. B. Kester of West Market street.

I am back in the plumbing business in my shop on West Third street. adv. 10-4 Philip Jordan.

—Regular meeting of Zennetta Council, No. 120, D. of P., has been postponed until further notice. K. of R.

Miss Emily Messenger returned to her home, Thursday, after spending the summer at Fostoria, Ohio.

Miss Lelia Harley of Ft. Myers, Fla., a former Xenia girl, is spending a few days in Xenia as the guest of Mrs. C. L. Spencer.

Mr. Frank Bennett of the Bellbrook sale, was very much pleased with his sale of October 31. His sale amounted to over \$7,000. He says he owes much to the Gazette and Republican for the advertising, and says that's the only way to advertise for a sale. Grieves and Mills were the auctioneers.

Russell Coon, 14 years old, son of P. W. Coon, of the Sabina Hardware Company, died Thursday morning of a bullet wound in his temple, made by a 22 caliber rifle. The lad operated a shooting gallery in the rear of his father's store. Whether the shooting was accidental is not known.

Dr. D. E. Spahr is ill at his home on East Second street.

Mrs. V. W. Oglesbee was able to be out today after being confined to the house for two weeks, suffering with neuralgia of the stomach.

Schmidt's grocery will be open as usual on Saturday night. adv 11-1

The ban upon holding church services having been raised, Mass will be solemnized at the usual time at St. Brigid's church, Sunday morning. The first Mass will be at 7:30, and the second Mass at 9:30. Rev. J. E. Quinn, pastor.

Mr. and Mrs. Harvey Mills, of Bellbrook Ave., are announcing the birth of a fine baby boy, born Thursday afternoon.

GET IT AT DONGES. adv

The condition of Dr. R. A. Wilcox, who has influenza, was serious today.

The Misses Sarah and Eleanor Williams have moved to the apartment in the Davidson Flats on East Church street, which has just been vacated by Dr. and Mrs. G. W. Kuhn, Dr. and Mrs. Kuhn have taken an apartment in the Davidson house at Church and Galloway streets, which has just been remodeled.

We now have our Famous West Virginia Gem Coal. Stiles Company. adv 1-31

Chester Denney, who was a number of years ago employed at the Donges drug store in this city, died of pneumonia recently, at his home in Ft. Myers, Fla. His body was sent to his home in Cincinnati for burial.

Lawrence Mahanna, of Hillsboro, a nephew of Mrs. Marcus Shoup and Charles Mahanna, died Thursday of pneumonia. He was 17 years of age, and a son of Mr. and Mrs. William Mahanna.

Fresh oysters at Schmidt's Grocery. adv 11-1

There are always some people who have an ambition to vote on the "winning" side. Here is a pointer for any such for next Tuesday. Mr. Guy Reeder, of Indianapolis, announces that he has bet \$1,000 to \$300, in Dayton, that Ohio will go "Dry."

Look for Kelble's bargain ad in this paper. adv

NEARLY SCALPED BY BEING THROWN AGAINST AUTO TOP

Partially scalped when her head struck the top of the automobile in which she was riding with her husband and children was the experience of Mrs. Arthur E. Wildman of Selma. When the automobile crossed a depression in the pike, five miles this side of Dayton, Mrs. Wildman who was in a rear seat of the car, was bounced against the top of the car. Her head struck one of the bows and her scalp was cut across the top from temple to temple, just above the hair line, loosening it so that it dropped down over her eyes. Mrs. Wildman pushed the loosened scalp back against her head holding her handkerchief to it, she rode the entire distance to Xenia.

Dr. W. A. Galloway dressed the injury, using twenty stitches to put the scalp back in place. Mrs. Wildman did not suffer greatly, and was able to go on to her home in Selma.

MRS. JOS. MCCURREN DIES IN DAYTON

Mrs. Mary E. McCabe McCurren, wife of Joseph McCurren, both formerly of this city, died at her home in Dayton at 10 o'clock Thursday night of pneumonia following influenza. She had been ill two weeks, and a peculiarly sad feature of her death is the fact that she leaves an infant son a week old. She is also survived by her husband and two other children, Mary Katherine and Anna, her mother, and three brothers: Joseph, of this city, John and Herman, of Dayton.

Mrs. McCurren was a daughter of the late Patrick McCabe and the family formerly lived on a farm south east of this city. They moved to Dayton a number of years ago. The home of the McCurren family is on St. Agnes avenue, Dayton View.

KAISER HAS NOT QUIT.

Copenhagen, Nov. 1.—While reports of the abdication of the kaiser persist, no official confirmation has been received, according to a dispatch filed in Berlin at midnight, which was received here today.

GET AFTER THAT COLD RIGHT NOW

Got right after it with a bottle of Dr. King's New Discovery

She never let a cough or cold or case of gripe go until it grew dangerous. She just nipped it when she began to snuffle or cough before it developed seriously.

Men, women, and children of every age have used this preparation for fifty years as a prompt reliever. All ages are using it today because of its positive results.

Generous size bottles. 60c and \$1.20.

Constipation Corrected

Dr. King's New Life Pills tonight mean clear bowels, a clear head, clear thinking, a day well begun in the morning, good digestion, clearing skin, mild in action but sure and comfortable. At drug stores everywhere. 25c.

COMPLETE SURRENDER OF CENTRAL POWERS STEADILY DRAWS NEARER

Washington, Nov. 1.—Complete surrender of the central powers to the forces of civilization is drawing nearer, official Washington believed today.

Already Mittle Europa has been crushed by the allied armies. Austria's abject capitulation is expected momentarily in the wake of her frantic appeal for an armistice on the field of battle.

When this comes, Germany will face the world alone. How long she will hold out is a matter of conjecture, but authorities here believe not more than six months.

Germany, these authorities say, must be weighing thoughtfully the consequence of the debacle of her allies, as she awaits the call for surrender from the Versailles conference.

Austria's exit from the war, military authorities point out, will expose the entire southern German frontier, where morale is the weakest, and where feeling against Prussia is most bitter.

Bavaria, Saxony and Bohemia would be the first points of contact with the allied troops, and Munich, Dresden and Breslau, leading south German cities, would be the first cities feeling a drive from the Austrian side.

Debts are haunting the Germans. Already the Hohenzollerns face the probability of having to repudiate the government's debt at home in order to square its debts to the world.

This, or vast taxation measures, to meet the outstanding bonds of \$40,000,000,000 and payments which the peace table will force for territories devastated by the Germans appears certain.

ALLIES WILL SOON DELIVER THE KNOCK OUT

Washington, Nov. 1.—Unless peace comes quickly American allied military effort will be divided into four giant phases for a complete knock-out of Germany in short order.

First in importance will be further concentrations along the west front. Second will be a drive into Germany from the south via Italy.

Third, will be a hammering at the "back door" of Germany, expected to be facilitated by Austrian surrender with a provision for a pathway for allied troops to Germany through the dual monarchy.

Fourth, will be an allied dash through the open Bosphorus to seize the ships Germany snatched from Russia's Black Sea fleet.

VETERAN ENGINEER DIES AT THROTTLE

Chicago, Nov. 1.—With his hand still grasping the throttle, Charles Carpenter, veteran engineer on a north-western passenger train, was found dead in the engine cab by the firemen early today.

HALLOWEEN PARTY.

Circling around the open fireplace, a merry group of girls enjoyed Thursday evening at the home of the Misses Edna and Clara Rhuberts, on the Springfield pike.

The evening was spent popping corn, roasting weiners and telling stories.

The room was dimly lighted by means of candles and Jack o'Lanterns, which helped add to the weirdness of the evening.

Those present were: Mrs. Gill Schweibold, Mrs. Gilbert Young, Mrs. Faye Kershner, Misses Ruth Smith, Clara and Edna Rhubert.

AUSTRIAN MARINES REVOLT.

Copenhagen, Nov. 1.—Austrian marines have revolted, seizing the warships at Pola and placing them at the disposal of the Hungarians and the Jugo-Slavs, it was reported today.

GOOD PROGRESS MADE.

London, Nov. 1.—The British suddenly attacked south of Valenciennes this morning, it was announced by Field Marshal Haig. "Good progress," was reported.

Curing Spice.

In the Spice Islands the cloves are sometimes cured by being smoked over a wood fire until they assume a deep brown color, when the further drying is accomplished by the sun. Occasionally the buds are scalded before being dried. If bright sunny days prevail artificial heat may be dispensed with and the buds sun-dried from first to last. The crop loses about 60 per cent in drying.

DISCOURAGED

You have tried everything. It's the same old story. I hear it every day. Your courage is gone, your faith is gone. The end would be gladly welcomed, even that won't come. What would you give to be a well man—a well woman? What wouldn't you give? Worse cases, perhaps than yours, are yielding as if by magic to your subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty, you deserve to suffer. 95 per cent of the supposed incurable cases could be relieved physically and mentally, if they would only confess it to a friend, family, or better, a skilled physician. Don't argue. I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment.

Remember, all the wishing, hoping, and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction?

As X-ray examination will coat you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated in one of the most completely equipped offices in the Middle West. 25 years' experience.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure. If you are afflicted with Rheumatism, why waste time with liniments, lotions, and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system. Get a bottle of S. S. S. at your drug store, and get on the right treatment today. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

JOHN KOOGLER IS CLEARED OF CHARGE

John Koogler, a young farmer of near Byron, who was accused of injuring a horse owned by Adam J. Gerlaugh of the same locality, causing the animal's death was acquitted of the charge in the local police court Thursday afternoon. Gerlaugh charged that Koogler had stuck a pitchfork into his horse and that blood poisoning resulted causing the animal's death. Koogler admitted that Gerlaugh's horse had gotten into his corn field and that he had driven it out but denied that he had injured the animal in any way. Police Judge Smith dismissed Koogler on the grounds that the plaintiff failed to make a case against him.

EAST END NEWS

The remains of Alfred Milton, the youngest son of Mr. and Mrs. Milton of Detroit, Mich., were shipped here this morning and are now at the undertaking parlors of Johnson and Harris. The family lived near Xenia until a few years ago, when they moved to Detroit. No particulars of his death were obtainable. The funeral will be held tomorrow at the Springfield meeting house.

An Assured Future. "Dubson doesn't seem to worry about the high cost of living." "And for a very good reason. Dubson married an expert stenographer. Any time the wolf comes snooping about his premises he knows friend wife can go out and earn twice the salary he's getting."—Birmingham Age-Herald.

Greene County People Again Called to Do Their Bit in The Cause of Humanity

By JOHN W. PRUGH.

Chairman United War Work Campaign for Greene County.

The people of Xenia and Greene County are again called to do their bit in the cause of Liberty and Humanity.

The opening of the campaign for the United War Work of the Y. M. C. A., Y. W. C. A., the National Catholic War Council, War Camp Community Service, American Library Association, Jewish Welfare Relief and Salvation Army will open November 11th. In accepting the chairmanship of this campaign for the county, I realize the supreme importance of the work and the necessity of the call. Nothing in the conduct of this, the world's greatest war, appeals to me as absolutely necessary to winning of the war and permanent peace as this particular branch of service, in the safe-guarding, entertainment and welfare of your boy and mine, before he goes over there, and while he is over there. This service is ever with him, in the training camps, in the tents and in the trenches, and gives him the last word of encouragement when he goes over the top to risk his life that you and I may live at home in peace and safety.

More than 1,000 Greene county boys are in the service today. The mothers of this loyal county gave their boys through their tears and suffering. What are we giving to safe-guard them? Never in the history of the world has an army gone forth to battle as well equipped to fight the battles of liberty, as the 100 per cent army of select Americans now on the front and in the camps of this country.

The Allied World sees and marvels at their fitness, their bravery in action and their splendid morale. Who is responsible for this? First, the best blood of the nation, second, the splendid training at home camps, third, the ever present influence freely given by the United War Workers at home. All the participating organizations have worked tirelessly since the beginning of the struggle. Greene county has done her share. Now at this time we are all called on for the greatest contribution since the beginning of the war. The Allied War Council is asking for \$250,000,000. We are asked for \$44,000 and \$44,000 we must give. This is double the amount pledged and collected on last call. We can do it, we will do it.

I appeal to you in the name of your sons, not to let this charge fail. God holds you responsible for your acts at home. Your duty is plain. The war is not won yet and you will be called on to sacrifice more in the future than in the past, unless you do your full duty now. Let us all arise to the greatest privilege we have ever had to give to the best army in the world the best encouragement that is in us. Our prayers, our sympathy and our money.

JOHN W. PRUGH.

Chairman "Allied War Work," Greene County.

COURSE OF 24 LECTURES TO TRAIN VOLUNTEERS

There will be a course of twenty-four (24) lectures to train volunteer workers for Home Service Sections of American Red Cross Chapter Southern Ohio, at the University of Cincinnati, beginning Tuesday, November 12th, 1918, and extending to Saturday, December 21st, 1918.

Any person who desires to take this course of training for the purpose of fitting themselves for this work, can obtain information and blank applications at the office of W. L. Miller, Allen Building, Xenia, O., chairman of Civilian Relief and Home Service Committee, Greene County Chapter.

Not Originally Military Title.

General, the noun, and the adjective general, the antonym of particular, go back to the Latin generalis, meaning belonging to a race or kind, and itself tracing to genus genera, from gignere, to beget. Generalis in Caesar's and Pompey's day had nothing to do with the army; the Roman general was an imperator. The title general primarily means an officer holding a general command.

"OUT OF DANGER"

Then to get back health and strength, is the next thing for Doctor and patient after grippe, influenza or other wasting diseases.

A good tonic is needed and the Medical Profession is a unit in endorsing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphate for this purpose. Many preparations containing Iron however, are very constipating but this is overcome in Dr. Chase's Blood and Nerve Tablets by the addition of Aloin.

These Tablets contain all of the above important tonics in easily assimilable form and have no harmful or unpleasant after effects.

These tablets are safe, sure health builders and their use is strongly weighed yourself before taking them and note how quickly they commence to do good.

Nearly every druggist sells Chase's Blood and Nerve Tablets at sixty cents a box. Special strength, ninety cents.

Sore Throat, Colds

QUICKLY RELIEVED BY HAMLINS WIZARD OIL

Sore throat and chest colds should never be neglected. Few people realize how often they result in rheumatism, tonsillitis, diphtheria, pneumonia and consumption. Hamlin's Wizard Oil is a safe, simple and effective treatment. It contains no chloroform or other dangerous drugs but is composed of the most healing, penetrating oils. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

Wizard Oil is a good, dependable preparation to keep in the medicine chest for first aid when the doctor may be far away. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired, aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Get a bottle from your druggist for 30c and use the medicine. If not entirely satisfied take the bottle back to him and he will return your money.

If you are troubled with constipation or sick headache, try Hamlin's Wizard Liver Whips. Just pleasant little pink pills at druggists for 30c. Guaranteed.

Abu Simbel.

The temples of Abu Simbel are a group of rock-cut shrines in the banks of the Nile. The four giant colossal guarding the entrance to the main temple gaze tranquilly over the river from their rocky perch. For ages these huge figures have kept their vigil by the waters, weary yet faithful sentinels of the Nile. They are supposed to represent Ramesses the Second, and smaller figures of the great king's queens and children keep watch with their husband and father.

Good complexions make lasting impressions Resinol

Ointment tends to keep your skin clear, smooth and beautiful. It also helps to postpone the appearance of age that every woman dreads. Its gentle ingredients cause it to relieve itching, promptly and it usually succeeds in clearing away discolorations, unsightly blotches and other embarrassing skin eruptions.

In two sizes at all dealers.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

GOOD HOUSEKEEPERS USE BEST. That's why they use Red Cross Brand Blue. All leading grocers, 5 cents.

SPANISH INFLUENZA—THE WAY TO TREAT IT AND TO AVOID IT

Simply the Old-Fashioned Grip Masquerading Under a New Name.

Spanish Influenza, which appeared in Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

There is no occasion for panic—influenza or grip has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

THE TREATMENT.

Go to bed at the first symptoms, not only for your own sake but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powder may be given by the physician's directions to allay the aching. Always call a physician, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his

strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

HOW TO AVOID THE DISEASE.

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds—which means avoiding crowds, common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS.

Above all, avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs. Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and can, therefore, be used freely and often—without the slightest harmful effect.

THE UNITED STATES
WANTS NO DICTATOR.
DICTATOR.

Among the unfortunate effects of President Wilson's appeal to the nation to elect a Democratic Congress, and thus to sustain his own leadership, is to inject a bitter partisanship into a campaign which has been singularly free from that quality. It has unquestionably rallied to the standards of the Republican party many lukewarm voters who were indifferent on the subject; but alas, it has also had the unfortunate effect of calling forth among the President's supporters arguments which go still further than he has gone himself, in advocating the practical ABDICATION OF CONGRESS and the concentration of supreme power in the hands of the Executive.

The country has patiently acquiesced in many acts of self effacement on the part of the Senate and House, under the urging of the administration, because it was realized that along those lines lay greater efficiency in the conduct of the war. But it has decidedly not consented to the ABRIGATION OF THE CONSTITUTION, nor to the surrender of Congress as a CO-ORDINATE BRANCH of the government, with definite powers and responsibilities. Large discretion has been invested in the President in the conduct of the war, and in the creation of the machinery essential for that purpose. And this has been done, in many instances, only through the active co-operation of the Republicans, whom the President now characterizes as "unpatriotic" and disloyal to his administration.

If the Republicans in Congress had been obstructionists, if they had been less resolutely determined than the President himself to carry on the war to a triumphant conclusion, there might be some shadow of excuse for a plea for a temporary DICTATORSHIP. But the record shows no such wavering of purpose, no such opposition to war credits and measures quite the contrary.

Now the President of the United States, supposed to represent the people at large, asks the voters to give him personally, at home and abroad, the full unchallengeable, undisputed power to say the final say on Peace and War by returning a Democratic majority to the Senate and House of Representatives. That is, by giving him AN UNCRTICAL CONGRESS, entirely subservient to his will. This is precisely the condition that he will not tolerate in Germany.

The same pen that sent abroad the ultimatum to Germany as to the right of a people to be consulted in matters of Peace and War, a week later attempts to shut out from the councils of the United States, a powerful minority of its heaviest taxpayers, including its most experienced men of affairs, whose votes in Congress have put through some of the most important war measures.

As a REBUKE to this piece of HIGH HANDED DICTATORSHIP every Republican should buckle on the armor of defiance, and do his very best to get men to vote the STRAIGHT REPUBLICAN TICKET next Tuesday.

FOOD NOTES

Columbus, Nov. 1.—The U. S. food administration in Ohio announces the following penalties for violations of the food regulations: Moses Shrock, Barr's Mills, Ohio, miller, will contribute \$240 to the United War Work fund for selling flour to farmers without requiring them to sign certificates that they would use substitutes and for charging excessive margins on millings and bran.

The Manos Confectionary Company, Toronto, Ohio, will close its place of business for one week, beginning Nov. 4, for giving false information in order to obtain sugar certificates. It will also surrender 600 pounds of sugar on hand to the Jefferson county food administration committee to be returned to the channels of trade. The J. N. Abraham Co., Bellefontaine, obtained 77,000 pounds of sugar in excess of its allowance for blending syrups. This concern will get no more sugar until Jan. 1, 1919.

ESSENTIAL TREASON

The maintenance of the liquor traffic is essential treason. It is interfering with the prosecution of the war. It is helping the enemy. It is stealing food from the hungry. It is keeping men from useful and essential labor. England has been terribly impeded by the liquor traffic. It is still true, as Lloyd George has been insisting all the time, that the enemy facing England that is most to be feared is the liquor traffic. Had there been absolute prohibition in England, France and America, since the beginning of the war we might now be at the end of it.

Without one single reason in the world for its existence, except that it is gratifying to the cruel avarice of those who make and sell, and to the inflamed appetites of those who drink, this horrible traffic goes on. We are beginning to break it down slightly, but every humane, patriotic, moral and sensible impulse cries out for its speedy, complete and lasting destruction. God grant that the people shall have enough conscience and forcefulness to bring this about in the coming day of election.

CEDARVILLE

Miss Jennie Bratton, who has been in Chicago for the past five months, where she has been taking treatment for an ailment of her left arm, came home last week.

Mrs. Oscar Ralston, of Marion, O., is visiting relatives here this week. Mr. Nathan Plymton, of Chicago, who has been spending his vacation with his brother-in-law and sister-in-law, Mr. and Mrs. George H. Creswell, returned to his home Friday.

Dr. E. C. Oglesbee and family were the guests of Mr. and Mrs. J. A. Finney, of Xenia, Thursday.

Rev. J. S. E. McMichael is a victim of influenza.

Miss Hazel Blair, of Carsons, Kan., is the guest of relatives here.

Dr. W. R. McChesney and wife entertained a number of relatives at dinner, Wednesday.

At a meeting of the high school faculty Wednesday, it was decided to continue the work for the students and have them study at home and when school opens they will be required to take a test on the work done. School will not open here for two weeks at least.

Miss Mary Marshall, of Columbus, visited Miss Helen Oglesbee, a few days this week.

Roy Insley, of the U. S. N., who was called home from New York on account of the sickness and death of his brother, William, returned to New York Wednesday. Roy has been on Transport Harrisburg, and has made two trips across, one to France and one to England.

Private Virgil Stanforth, of Camp Sherman, has been spending a ten day furlough with his parents.

This community was shocked Wednesday to hear of the accidental death of Wallace Anderson, who was stationed at a training camp in Florida. Mr. Anderson was enlisted in the aviation department of the Navy. He was the youngest son of Mr. and Mrs. W. P. Anderson and a graduate of C. H. S. in the class of 1916, and was very popular here with the younger people. Mr. Anderson and family have the sympathy of the entire community.

WANTS TO GET EVEN

Aviator Shot Down by Boches Asks for Anti-Aircraft Detail.

Arriving with Illinois draftmen at Camp Wadsworth, Private Harold A. Brown asked special permission to be placed in the anti-aircraft machine gun battalion. He explained that he had served with the British in the aviation section and had been shot down by the Boches and injured so badly he was returned to Chicago.

"I would like to get a chance to get a German aviator or two," he said, "so they will know how it feels to be shot down."

"You win," said Major Coffin, and issued an order at once sending the young man to the Fifth Anti-Aircraft Machine Gun battalion.

IRON CROSS WINS DOWRY

Fake Lieutenant at Hamburg Then Disappears but is Caught.

A young salesman named Hildebrand donned the uniform of a first lieutenant, pinned on his coat an iron cross of the first class, hung a few more decorations on his manly chest and paid a violent court to the handsome daughter of a rich merchant of Hamburg.

The suitor was accepted and obtained part of the dowry, 5,000 marks, in advance, whereupon he disappeared, recompanied by another woman. The "Lieutenant" is now behind the bars.

STEEPLE BUILDING

"THE WIFE"

BY JANE PHELPS

MRS. CURTIS GOSSIP'S WITH
CLARA ROBERTS ABOUT
BRIAN.

CHAPTER LXXVII.

Brian had flushed when Kenyon Roberts had asked him where the business college was situated. Had he not, Kenyon would have thought nothing of it, as the locality was one in which such a school might well be located. But that sudden flush and embarrassed look, though gone in a moment, told a story to the astute young lawyer.

They had really a gay time while eating the rarebit and Ruth felt sure she was going to be very happy again, now that she was at home. Once more she thought: "I will ask Mr. Mandel not to send me away oftener than for so long a time." She would meet Brian more than half way in trying to be together all they could.

When they were preparing for bed, Kenyon Roberts said to his wife:

"I wonder what Hackett is up to?"

"Why—what do you mean?"

"Nothing much—perhaps it is my notion, and I should say nothing about it, even to you. But when you and Ruth were making the rarebit I asked him where the school of typing was located, and he said 'Down near the Square' and flushed peculiarly. The queer part of it is that I have seen him several times lately—while Ruth was away—going in that direction with his arms full of paper bundles. Looked like groceries."

"Nonsense! what would he be carrying groceries down there for?"

"I'm sure I don't know! but I hope he isn't carrying on an affair with one of those Village girls. Ruth is too nice a woman to be up against anything like that."

"You remember that Mollie King we met that night we called on the Curtis?"

"Yes, why?"

"Well, I met Mrs. Curtis the other day. She is pretty much of a gossip, and she told me that Miss King and Brian used to be 'thick as thieves.' Perhaps he goes there. She lives down there near the Square."

"I hope not! although I recall being favorably impressed with Miss King. She seemed a good sort."

"I liked her, too! Mrs. Curtis said everyone always liked her; and that her friends were astonished when Brian married Ruth. He had been going with Mollie so long they thought he was going to marry her."

"Too bad Ruth has to be away from him so much," Kenyon yawned, "we men don't like to come home to a womanless home, you know."

"All men aren't like you," Clara answered, then they both forgot Brian and Ruth, in planning something for themselves.

"Well, Brian, how did you get along?" Ruth asked after their guests had left.

"Pretty well! I'm a little clumsy with my hands. Guess they are too big."

"Have you a good teacher?"

"Pretty fair, I guess." Had Ruth been looking, she would have seen him flush as he had when Kenyon Roberts had questioned him.

"Man or woman?" Ruth was brushing up her hair, and did not look up as she put the query.

"A woman! what pretty hair you have Ruth," adroitly Brian changed the subject.

"Do you think so?" pleased at the compliment.

"Of course I do! did you have a good game tonight?"

"Very! Clara won, and you know how pleased she is when she does win."

"Roberts tell you any news? Has he any more new clients?" Brian unconsciously was a bit jealous of Kenyon Roberts, yet he liked him.

"No—but he thought it fine you were studying typing," again Ruth veered around to the subject, "he said he had taught himself, but that he did not type correctly, although he made good looking letters and briefs."

"I am learning the touch system."

"He said he wished he had! that it was the thing to do."

Again Brian changed the subject. He never had told an out and out lie to Ruth, he didn't want to; really had no intention of doing so. Should

she ask him, he would frankly tell her that Mollie King was his teacher, but he would prevent the asking if he could. Surely, there was nothing wrong in that—so he reasoned.

And Brian really meant no wrong. He had been lonely because Ruth left him; and had taken means to dissipate that loneliness. If Ruth remained at home, he would never leave her after he finished learning to do his own typing.

When he figured this way, he never gave a thought to the comforts Ruth's salary made possible. Comforts he would now miss almost as much as would she.

Tomorrow—Arthur Mandel knows about Brian's Evenings with Mollie King.

MOTORAIDS

If the tires are not removed from the wheels, jack up the car, leaving only enough air in the casings to keep the tires tight and in shape. Cars should not be left for any considerable period of time without jacking up the wheels, as the prolonged strain on the tires tends to stretch them and to develop weak places in their structures.

This is about the time of year when the motorist who is going to drive his car all winter, begins to prepare for cold weather. The only way to keep a battery from freezing when the thermometer is hovering around zero, is to keep it fully charged.

Bringing Drama Up to Date.
F. E. Atkinson of Boston says he saw an unusual performance of "Romeo and Juliet" at a town in the middle West. The players introduced a game of cards in the balcony scene.

Tired, Nervous Women
What You Need is Vinol

The reason we recommend Vinol so strongly for such conditions is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates, the very elements needed to build up a run-down system and replace weakness with strength.

HERE IS PROOF

Glasgow, Ky.
"I was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight."—Mrs. S. M. Gray.
For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Yinol Creates Strength
SAYRE & HEMPHILL AND DRUGGISTS EVERYWHERE.

Mr. Voter, Are You Going to
Tie the Hands of Your Officials
Against Your Own Welfare?

For a long time there has been a standing complaint that the rights of the public in Xenia, have been usurped by the blocking of sidewalks for the display of vegetables, sheltered by unsightly shed awnings. Recognizing the manifest injustice of allowing to a few what is denied the majority, and considering that the public welfare would be better served by doing away with these obstructions on the streets and sidewalks, the new city commission, passed an ordinance abolishing them.

A movement was thereupon started by the half dozen persons, who still maintained the obsolete awnings by which they hope to nullify the ordinance at the election next Tuesday.

Under the charter they have the privilege of appealing directly to the voters to decide the question and you, Mr. Voter, will be called upon next Tuesday, to give your opinion on the question.

In passing the ordinance it was not the intent or purpose to work a hardship upon any citizen or merchant, indeed the ordinance is framed with special

leniency, so as to work no hardships.

Most of Xenia's business men have recognized the fitness of things and have not desired these old sheds and it is very doubtful if any more would be erected, were the privilege granted. Obstructions on the sidewalk are worse than obstructions out in the street and yet, years ago, a big howl went up when council ordered the streets cleaned up. Then it was a privilege enjoyed by many to take up half the street with empty boxes, which would be allowed to remain for weeks, and with farming implements, and in fact, for almost any kind of rough merchandise, for which the owner did not have storage space.

When the streets were cleared everyone, with the exception of the few disgruntled ones, who were directly affected, saw the vast improvement, and there has never been any desire to return to the practice of allowing the streets to be taken over by private individuals. The streets, as well as the sidewalks, are for the public and should be so recognized.

While this awning question

may seem trivial and unimportant it involves the very principle which is today of world-wide significance, whether or not the rights of the public are to be left at their disposal or whether in a few instances they are to be taken over by private enterprises.

We believe that the people of Xenia want a clean, attractive city. Two of the five members of the commission are progressive business men, and they gave their approval and votes for the passage of the ordinance. We believe the business men generally, and a big majority of the citizens of Xenia, will not want to see discredited the efforts of our city commissioners and city manager, to do that for Xenia which will be of benefit to the public welfare. And it is written large that this is exactly the situation. A vote to kill the ordinance is a vote to give the hands of the men you chose to administer public affairs. The officers of the new commission form of government should be given the kindly and loyal support of every good citizen of Xenia, not only by voting to sustain this ordinance, but on all questions for the best welfare of the city.

CITIZENS' COMMITTEE.

Acid-Stomach Makes
Millions Old Before
Their Time

What is it that robs so many people of their vitality, youth and good looks—makes them all in and out of, years before their time? Science says it is acid stomach. Others say it is indigestion. Others say it is chronic stomach or liver trouble. Others are wrong. There is a single cause for all these troubles. It is acid stomach. More frequently they are just weak, sickly and old, not knowing exactly what is the matter with them. Nearly always their resort to medicine of one kind or another in the hope of getting back their health and strength. And nearly always they are disappointed, because medicines don't build strength unless they set the stomach free from acidity, allowing it to take full strength out of the food eaten.

What is it that robs so many people of their vitality, youth and good looks—makes them all in and out of, years before their time? Science says it is acid stomach. Others say it is indigestion. Others say it is chronic stomach or liver trouble. Others are wrong. There is a single cause for all these troubles. It is acid stomach. More frequently they are just weak, sickly and old, not knowing exactly what is the matter with them. Nearly always their resort to medicine of one kind or another in the hope of getting back their health and strength. And nearly always they are disappointed, because medicines don't build strength unless they set the stomach free from acidity, allowing it to take full strength out of the food eaten.

DOCTORS
FAILED TO HELP

But Lydia E. Pinkham's
Vegetable Compound Re-
moved the Cause of
this Woman's Illness.

Worcester, Mass.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness and pain which used to keep me in bed for two days each month. I tried many doctors without benefit until I was really discouraged. My mother urged me to take Lydia E. Pinkham's Vegetable Compound as it had helped her so much. I did so and soon saw a change for the better. I kept on taking it and am now so well and strong that I can do all my housework, even my washing and I have a little baby who is as healthy as I could ask—thanks to your Vegetable Compound."—Mrs. F. H. STONE, 24 Bowdoin St., Worcester, Mass.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

SERVICE IS THE very keynote of this whole establishment. We train every one of our many employees to recognize the fact that "service to the customer comes first."

It is obvious to us that we will succeed in exact proportion to how we serve. If we serve you well we will get your work.

Naturally then, we propose to serve you well—if only for selfish reasons. But there's another side to the story.

We get a lot of fun out of our work—and we take a lot of pride in it. We want you to feel that you can depend upon us—not "usually depend," but "always depend."

We do unusually good motor and tire repairing. We sell unusually good accessories.

OUR PRICES ARE ALWAYS RIGHT.

Saving Coal Saves Money

And Helps The Nation

There's a wealth of proof to show that your home may be thoroughly comfortable at a third or a half less fuel than you have been using. The Caloric Pipeless Furnace is a remarkable fuel conserver. Many say it saves half. Here is just one sample letter taken at random out of thousands which the manufacturers receive from pleased Caloric owners:

"I am heating very comfortably seven rooms and not using any more fuel than I did with a double heater, heating only two rooms.—S. P. SEIBERT."

Over fifty thousand homes, many of them in this state, have found this furnace the economical, common-sense method of keeping comfortable. They bought on a guarantee of real fuel saving and perfect satisfaction, and the Caloric made good. One register delivers all the heat from the fuel directly into your living rooms and draws out the cold air, insuring an abundance of balmy, moist, warmth right where you want it. The cellar is just right for the storage of perishable products.

The Caloric can be installed in a day. It is a triumph of engineering skill that embodies many patented features which have made it the leader and which are not found in imitations. Come in and see this wonderful furnace. We will tell you frankly whether it is adapted to your home. If we say it is, we will give you our personal guarantee that it will make good or we will take it out. Come in and talk it over.

FORMER EMPLOYE AT DODDS MARBLE PLANT IS DEAD

Philip Slentz, who was for several years employed by George Dodds and Sons in this city as a cutter at their marble plant, died at 2 o'clock Thursday afternoon at his home in Springfield, of pneumonia following influenza. He had been ill for a week.

Mr. Slentz was about 28 years old. During the time he was employed in this city he made his home with Mr. and Mrs. John Lloyd, who received the word of his death. He was a popular young fellow, and his death has greatly grieved his friends in this city. He left the employ of the Dodds Company about a year ago, and since then was employed by the Kelly and Wilcox Company in Springfield. He was a member of the Masonic lodge. Surviving him are his mother, Mrs. Clayton Little, and a half brother and sister, Myrtle and Paul Little.

Funeral services will be held at the home, 129 Highschool Place, Springfield, at 1 o'clock Sunday, and interment will be at Fletcher.

Has Not Learned Life's Lesson.
A man who has lived and has not grown tolerant toward others does not deserve to meet with tolerance himself.—Theodore

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Eased—the Corn Is Doomed!
on earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "corner" sure as the sun rises. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

Sold in Xenia and recommended as the world's best corn remedy by Sayre & Houghlin, D. D. Jones, W. H. Dinges and Sohn's Drug Store.

X. H. S. TEAM TO PLAY STEELE AGAIN

The local eleven will journey to Dayton Saturday when they will meet Steele Hi for the second time this year. Troy was scheduled to play here on Friday but it was found that they had been out of school for three weeks and that the team had no practice during that time. Coach Bradenburg called up so the Blue and White agreed to meet Steele again, as they will furnish stiffer opposition. In the previous clash Steele was victorious by a score of 21 to 7, so the local gridgers are out for revenge. They have been practicing hard this week and are confident that they can bag a victory in their second encounter. Steele's victory last week was largely on account of having the backs scoring but one touchdown on straight football. The local players were still weak from the influenza and Currie had to be removed from the game, but they are rapidly regaining their strength and will be able to play their regular game this week. The Blue and White were minus the services of "Bud" Owens, at right end, who was unable to play. Many predicted that if he had been in the lineup the score would have been decidedly changed, and it is hoped he will be able to appear in his regular position Saturday against Steele.

Steele supporters are looking for a hard game Saturday for their favorites. They were convinced of the strength of the local team by the flashes of regular form displayed at different periods of the game, and realize that if the local team plays up to their usual standard a hard contest will be staged at Athletic Park.

Troy will be played here next Wednesday afternoon instead of today as the locals are desirous of playing a game which the business men can attend.

WILBERFORCE

Mr. and Mrs. Walter Smith, accompanied by Mr. Smith's mother and father, motored from Huntington, W. Va., and spent Sunday and Monday with friends.

Mrs. Ada Young, the wife of Col. Charles Young, is quite ill at her residence.

Mr. Kittick Russell of New York accomplished musician and organizer of orchestras for popular amusements in New York City, has arrived from Great Rocks, North Dakota, where she spent the summer. She will remain during the winter with Mrs. Charles Young.

Lieutenant Piper, who has charge of the military detachment at Wilberforce, and the authorities, are making arrangements to accommodate another assignment of two hundred soldiers, who are expected to arrive on the 17th of the month.

Bishop J. H. Jones has a new Ford sedan.

Mr. Carl Jenkins, Secretary of the University, has rented the residence of Mrs. Etta Steward to house the students of the S. A. T. C. Corps.

Mr. Theo. Mason, assistant engineer at the power plant, has resigned and will move to Jamestown to accept a similar position.

Mrs. Bryant Perkins and children have arrived from the south and will spend the winter with Mr. and Mrs. F. A. McGinnis.

Mr. and Mrs. Henry Johnson of Springfield, were the guests of Mr. and Mrs. Carl Jenkins Sunday.

Mr. A. C. Ginn, Mr. J. D. Newsom and Mrs. Charles Johnson are the latest victims of Spanish influenza.

Sunt. William Joiner is the owner of a new "Vejile" seven passenger automobile.

Mr. Frank Carr has sold his restaurant, "The College Inn," to Mr. John Garvin, who will conduct the business.

Corporal James Bell, 374 Co., 10th Tr. Bn., of Camp Sherman, on his return from Ripley, Tenn., where he accompanied the remains of A. L. Ewing who died from influenza while in camp, visited his parents the first of the week.

Mr. William Berry, instructor of Agriculture and Education in the C. X. and I. Department, has gone to Tuskegee Institute, Ala., to take charge of the Agricultural work and the supervision of agriculture in the rural districts of Alabama.

Miss Hallie O. Brown, who was appointed chairman of the Wilberforce Liberty Loan Committee by Mrs. Eber Reynolds of the Greene County Committee, and who was assisted by her committee, made a very thorough campaign in the community last week and raised over two thousand dollars for Liberty Bonds.

New Verb In Language.

Burton warmly advocated generosity provided he was the recipient of it, but he generally managed to appropriate his own things and a large share of little brother's as well. One day the brother had a large, luscious apple, which he was consuming with great relish, when along came Burton and said: "Give me half." "Nope, nothing doing," was the unexpected reply, "you never divide anything good with me." "I will next time," glibly promised Burton. Little brother calmly continued enjoying his apple and tartly remarked, "Say, Bur, quit your kidding."

OLD TOWN

Mrs. James Moon is slowly improving after a severe attack of double pneumonia.

Miss Allie Swadener is much improved, after having been ill with the Spanish influenza.

Mrs. Jos. Gatrell is improving from the influenza.

Mrs. P. O. Day is much improved after a little over a week's illness.

Mr. Owen Swadener and family and Mr. and Mrs. Ben Dice spent Sunday with Mr. and Mrs. Samuel Harner of the Beavercreek road.

Mr. and Mrs. W. H. Givens and daughter, Dorothy, Mr. Frank Jacoby and daughter Ethel, motored to Camp Sherman, Ohio, and spent Sunday with Private Frank Givens.

Earliest Form of Shoes.

The earliest shoes known were sandals of hide, leather or wood. When one encounters the word "shoe" in the Bible he may be sure that it is the sandal that is commonly meant. In Egypt the sandal was woven of palm leaves and papyrus. As a symbol of the subjection of their enemies the Egyptians often painted the figures of their opponents on the lining of their sandals.

INFLUENZA, COLD PNEUMONIA, SORE THROAT

Yields Quickly to Anti-septic Oil Treatment.

Many are finding relief from influenza, colds, sore throat and perhaps preventing pneumonia, it is said, by the use of Miller's Antiseptic Oil (known as Snake Oil). Its great penetrating, pain relieving qualities insure almost instant relief when applied freely on the chest or throat, well greased when first symptoms arise. The oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pains. And for the cough a few drops on a little sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on, and if used according to directions results are assured, or your money refunded. On sale by Sohn's Drug Store, Xenia, O. 30c, 60c and \$1.00 bottles. adv

PLANS UNDER WAY FOR WAR WORK DRIVE

United War Work campaign in Greene county is rapidly completing its plans to "put the campaign across" in record time. It is up to Greene county to raise a quota of \$42,000. This is no small undertaking the committee fully realizes, but it is determined that in this drive, as in all others that have preceded it, Greene county shall come through with flying colors.

On next Thursday evening a banquet of all township chairmen and their secretaries and other leading workers in the campaign will be held at the rooms of the Xenia Business Men's association. On that occasion one or more out of town speakers will be present for the purpose of thoroughly explaining the campaign and to give the workers inspiration. It is also the plan of the county executive committee to hold township meetings in every township in the county on Friday evening following the meeting in Xenia. These township meetings will be addressed either by the township chairman or some other local person designated by the chairman. In that way it is hoped to get the plan of the campaign directly and quickly into the hands of all the workers in the county.

As seven organizations, the Y. M. C. A., Y. W. C. A., Knights of Columbus, Jewish Welfare Board, War Community Service, American Library Service and the Salvation army, are allied in this campaign it is expected that a greater number of people will be actively engaged in the work of soliciting than have engaged in any other war drive in the county.

The local committee is preparing to set quotas for each township and the leaders in each township will be asked to accept and pledge the raising of these quotas at the meeting next Thursday evening. In Xenia city the quota will be several times greater than the amount that was raising the last Y. M. C. A. drive. In that drive Xenia fell woefully behind, the county precincts carrying the bulk of the load and not the county across. In this drive Xenia people must expect to do their full share.

Remember the money raised in this campaign, is for the direct, personal comfort of the boys who are fighting the country's battles.

TURNING TO SILVER

Miners Find That Purchasing Price of Gold Is Going Down.

The Yukon miner is turning from gold to silver mining. While the value of the former, or its purchasing power, has decreased, that of silver has been doubled.

There is great activity in two silver bearing areas tributary to Dawson, the Mayo district on the upper Stewart river and along the Twelve-Mile Creek. These fields are 150 miles apart. Silver was discovered in these areas years ago, but no work was ever done. The Canadian government has dispatched a party of geologists to investigate the prospects of developing the silver mining industry in this section.

Rain Drowns Sparrows.

Rain fell so hard in a storm at Mountville, W. Va., recently that hundreds of sparrows were drowned.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you.—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

It's Powdered

That's why it saves soap. Use GRANDMA'S Powdered Soap and stop wasting expensive bar soap by leaving it in water to waste away. Won't shrink woollens. Won't injure silk.

Wash the Woollen Socks You Knit with Grandma's Powdered SOAP Ask Your Grocer For It!

BODY OF YOUNG CEDARVILLE MAN NOT YET RECOVERED

"Body not recovered. Will continue search."

Mr. and Mrs. W. P. Anderson, of Cedarville, received a telegram containing this message Friday morning from the commanding officer of the naval station at Pensacola, Fla., where their son, Wallace Anderson, 21 years old, was killed by the explosion of a gasoline tank on a motor boat, Wednesday.

Mr. and Mrs. Anderson and their family are receiving widespread sympathy from friends all over the county because of the tragedy which befell their youngest child. The family has a large number of friends in this city, and news of the lad's tragic death has brought them much grief.

FOOD NOTES

Official notice of a modification of the sugar restrictions for domestic purposes has been received by the Greene county food administration, permitting householders to have three pounds of sugar per month instead of two, the new allotment effective November 1.

Public heating places may serve sugar on the basis of three pounds per 90 meals served, instead of two pounds as at present. Householders are permitted to buy a full month's supply at one time on the three pound basis, instead of splitting their purchases to two a month.

Since Food Administrator Croxon announced in a telegram that his department will begin at once the issuance of certificates for the additional sugar, based on the one pound increase, to retailers and public eating places.

There is no change in the allotment to bakers and manufacturers.

The changed basis is the result, according to Federal Food Administrator Hoover, of the rapid manufacture of the new beet crop and of Louisiana cane, together with freer transportation and patriotic conservation. The old sugar cards of the Greene county board will continue in use and consumers may take the entire month's supply at one time or divide their purchases.

ONLY A FEW OF 700 CHILDREN WILL ESCAPE

There will be very few of the nearly 700 children at the Ohio Soldiers' and Sailors' Orphans' Home, who will escape the epidemic of influenza now sweeping the institution in the opinion of Dr. W. C. Hewitt.

Dr. Hewitt thought early in the week that about thirty three and one third per cent of the children would be immune, but now he believes that not more than ten per cent will escape the malady.

There were twenty-three new cases reported to him Thursday, and by 9 o'clock Friday morning, thirteen new victims of influenza had reported at his office clinic. Nearly 600 children have so far been stricken. Nearly half that number are either in the convalescent wards or discharged. Children are being discharged every day, cured of the malady.

Fourteen pneumonia cases among the stricken children are causing worry to the Home officials and the doctors. It is hoped however, that these children will respond to the treatment and be able to throw off the malady.

Three more of the adult employees of the institution were taken down with influenza Friday morning, but so far only about a dozen of the adults have fallen ill.

The body of Ralph Noble, 14 years old, who died at the Home hospital of pneumonia Thursday, is at the office of undertaker Need. A relative of the child is expected today to accompany the body to New Straitsville, Ohio.

Metz Once Roman Stronghold.

The Romans called the city of Metz Divodurum, and as it was the junction point of their military roads, they fortified it. This was before the Christian era. The town blocked the attacks of the earlier Huns, and in the fifth century it passed into the hands of the Franks, when its first Christian house of worship was built. Charles the Bold was crowned in Metz, and Louis the Pious was buried there. In 843 Metz was the capital of the kingdom of Lorraine.

JAMESTOWN

Mr. and Mrs. John W. Fudge, of Xenia, spent Sunday the guests of Mr. George Deal and family. Mrs. G. R. Barghill and Miss Belle Neiberger spent several days with their sister, Miss Grace Neiberger, of Mansfield, Ohio.

On Monday, Mr. Ward Sheley, of east of town, bought the W. K. Shifflit property, possession to be given March 1st. Mr. and Mrs. Shifflit are planning to remove to Dayton.

The funeral of Mrs. Sarah Gilchrist was held Monday afternoon at two o'clock from her late residence, Rev. Read, of the Xenia Baptist church, held a very short service. Burial was made in the Jamestown cemetery.

Mrs. A. L. Nichols, of Columbus, is the guest for a few days of her son, Mr. Alfred Walthall and wife.

Mr. Howard Moorman, of Miamisburg, came for a few days visit with his parents this week. He is removing his goods, which have been stored in the property recently purchased by Mr. Bert Long, Mr. and Mrs. Long will remove to their new home the first of the month. Mr. and Mrs. Deubner, who have been occupying part of the house, will remove to the home of Mrs. Reubner's parents, Mr. and Mrs. G. W. Leveck.

Clarence Walker is home on a ten days' furlough, from Hampton Roads.

He is with the Navy Engineering Corps.

Miss Violet Ritenour, who holds a position at the Cash Register, Dayton, was home over Sunday.

Vernon Ireland is home on a short furlough from Camp Sherman.

The funeral of Miss Lucia Clark, who passed away Wednesday afternoon, was held Saturday morning at eleven o'clock. Her brother, Pierce, of West Branch, Iowa, Harry, of Detroit, and Lester, of Dayton, were here. Rev. W. A. Cooper, of the M. E. church, of which she was a member, conducted the services, both at the home and at the cemetery. Six of her girl friends were pallbearers.

Capt. Clement Jones is home on a short furlough from Camp Oglethorpe, Ga. He expects to go "across" very soon.

Varieties of Golden Rod.

It is said by many persons that the handsomest of the rods is that which is called Canada golden rod. The flower cluster is very large and plumelike. Next to it is that plant which is called the showy golden rod. It is brighter yellow than many of the species and the flower cluster is plumelike. The lace-leaved golden rod is so different from many other common species that a person can hardly fail to notice it. The flowers are crowded together, are small and dull yellow.

At Once! Stops Stomach Distress!

Indigestion pain, food souring, acidity, gas, and heartburn go instantly! Pleasant relief!

Wonder what you ate to upset your stomach?

Don't bother! Here is relief!

The moment Pape's Diapepsin reaches your unsettled stomach all the lumps of indigestion pain, sourness, gases, acidity, headache and dyspepsia go.

Costs so little at drug stores.

PUBLIC SALES

Have your sale announced FREE in this column early, so that you may claim your date and others will stay out of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds in the days of automobiles, the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It's the buyer from a distance who sees your ad in this paper, who jumps in to his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and pick of what he needs at an absurd price, as he does when you have not properly advertised, and gotten a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

PUBLIC SALE—Wednesday, November 6, 1918, at 10:30 a. m. at my residence, 9 miles southeast of Xenia and one mile north of Paintsville on Hussey Pike—three head of hogs, 14 head of cattle, 34 head of Shropshire sheep, 1 Duroc boar, all kinds of farming implements and some household goods. And Several Other Things.

Any man who is continually making a fool of himself must be a natural born tautologist.

IMPORTANT TOWN TAKEN BY BRITISH

London, Nov. 1.—British infantry and mounted troops have occupied the important railway town of Sacile on the Livorno river, the war office announced today. The Livorno has been reached on a four mile front from Sacile southward to Brugnera, by troops of the tenth army (with which Americans are brigaded.) Between Oderzo-Portogruaro railway, the Austrians are falling back rapidly.

Notice of Sale

In pursuance of an order of the Probate Court of Greene County, Ohio, I will offer for sale, at public auction, on

Saturday, the Seventh Day of December, 1918,

at 10 o'clock, A. M., at the west door of the Court House in the City of Xenia, Ohio, the following described real estate: Situate in the County of Greene, State of Ohio, in the Township of Jefferson, and being the undivided one-fourth of the real estate, bounded and described as follows:

Being a part of a military survey, No. 336, in the name of Joseph Egleston; Beginning at a stone in the County road, and corner to David L. Reeves (now W. A. Smith); thence with the said road and line of H. H. Hargrave, now John Hargrave, South 12 deg. 30' E. 99.64 poles to a stone corner to Hugh J. Turner (now owned thence with his line South 19 deg. 30' W. 43.35 poles to a stone; thence N. 12 deg. 30' W. 35 poles to a stone in said David L. Reeves (now W. A. Smith) line; thence with his line N. 15 degrees 20' E. 14.35 poles to the beginning, containing 2.6 acres of land, more or less. Being the same premises conveyed to William F. Powers, by deed recorded in Vol. 67, at page 333, of the Deed records of Greene County, Ohio.

Terms of sale, Cash. JAMES D. POWERS, Administratrix of the Estate of Harper F. Powers, Deceased. Harry D. Smith, Attorney for Administratrix. (11-1-5-15-22-29)

Mayor's Proclamation

Notice is hereby given as provided by law, that all places where intoxicating liquors are sold, shall be closed and remain closed during the entire of Election Day, November 5th, 1918, and that no intoxicating liquors shall be sold on given away on said day.

Under \$1000 fine and the corporate seal of the City of Xenia, Ohio, this 28th day of October, 1918. ARTHUR WHALEN, Mayor. (11-1-5-15-22-29)

A Message from Pershing

GEN. J. P. PERSHING
U.S.A.

HCR
COMPANY,

CABLEGRAM.

Received at the War Department

Washington, D. C., October 16, 1918.

P. 12 M.

From Headquarters 1st Army France

To The Adjutant General, Washington, D. C.

For Honorable Harry A. Garfield

Fuel Administrator.

Let there be no shortage of coal. Without coal we shall be without guns and ammunition to use against the enemy. The more coal the sooner we shall have peace. We soldiers know that we can depend upon you to do your part as we are doing ours.

PERSHING.

BAN PARTIALLY LIFTED IN XENIA BY HEALTH OFFICER

The ban on public meetings in Xenia was partially lifted by Dr. R. H. Grube, city health officer, acting under authority from the State Health Board. Beginning Saturday, all business houses may resume their normal business hours, church may open Sunday and picture shows may open Monday. Schools will remain closed for the present and the churches must curtail all Sabbath school classes. Children under fourteen are also prohibited from attending any public gathering.

This is practically the arrangement that has been adopted by the Dayton health authorities. The purpose of the health authorities is to lift the ban gradually and at the same time protect the children of the community from contracting the disease. Thus far Xenia has been most fortunate. Although there have been a great many cases of influenza in Xenia, there have only been six deaths directly caused by it. The children of the city have been especially fortunate and cases among them have been few and scattered. When the conditions at the O. S. & S. O. home, where the children must be together, are

AFTER INFLUENZA

The Grip, Fevers, and Other Blood Poisoning, Prostrating Diseases.

The best course of restorative treatment, purifying the blood, strengthening the nerves, stimulating the liver, is:

Hood's Sarsaparilla, the standard blood purifier, before eating. Peptonin a real iron tonic (chocolate pills), after eating.

Hood's Pills (cathartic, mild and effective) as needed. These three great medicines make convalescence real rapid and perfect. They are also of service in the prevention of disease and the preservation of health. They form Hood's Triple Combination Treatment.

Each is good alone; all are good together. Get them today, adv.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops swelling, numbness, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub Rheumatism away.

Prepare Your Feet For Bad Weather

Nothing leads to illness quicker, than poorly shod feet—cold or damp feet.

We have a work shoe for every line of work. Let us advise you. Some for warmth, some for dryness, and others for both—all according to what use you put a shoe.

PRICES RANGE FROM \$2.98—\$6.50

QUALITY GUARANTEED

ELECTION NEWS HOT OFF THE WIRE IS TO BE GIVEN THE PUBLIC

Complete election returns, national, state and local, will be flashed upon a screen on the front of the Gazette and Republican building on South Detroit street, next Tuesday night.

The management of these papers has completed arrangements for receiving a telegraph bulletin service for election night which will keep local people informed of the progress of the count of the vote on the big issues involved in the present campaign.

Xenia and Greene county people know from previous experience, how satisfactory is the election night bulletin service given by these papers. This is proven by the immense crowds which have always gathered to watch for the results of the election from every part of the county, as the stereopticon flashes them upon the big canvas.

Nothing has been spared to give an excellent election service to the people again next Tuesday night, when the entire country will be on the quiver to know the result of the balloting throughout the nation.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the fingertips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia), 30c and 60c jars; hospital size \$2.50.

REPRESENTATIVE OF THE FARM LOAN BOARD VISITS CITY

D. R. Acklin, representing the Federal Farm Loan Board of Washington, D. C., came to Xenia, Friday for the purpose of conferring with County Agricultural Agent Ford Prince regarding a farm loan organization among local farmers.

Mr. Prince was out of the city, and Mr. Acklin expects to return some time later to take up the matter with him. Farmers interested in the matter in the meantime, can see S. C. Wright, deputy in the probate court.

Through the Federal farm loan, law, the government will make long time loans to farmers at five and one-half per cent interest.

To procure a loan through a federal land bank, the farmer must be a member of a National Farm Loan Association.

'SHALL THIS COUNTY FAIL CAMPAIGN' TO BE HELD IN COUNTY

Columbus, Ohio, Nov. 4.—With the War Savings Stamp Campaign of 1918 nearing its conclusion, the State W. S. S. Committee is redoubling its efforts to insure success of the movement in Ohio. For the state organization, "success" means the sale of \$106,000,000 in War Savings Stamps.

To September 30, cash sales in the state had reached a total of \$73,000,000. Twenty six of the 88 counties in Ohio have completed the sale of the apportionment given by the United States Treasury Department. Many more are prospectively on the state's "Victory List."

In Greene county, the sale of War Savings Stamps to October 17 has reached a total of \$372,924, against the yearly quota of \$594,660. On this calculation, patriotic and discerning people of this county have 10 weeks in which to complete the purchase of \$221,736 in War Savings Stamps to insure success of the W. S. S. campaign in that community.

Against a weekly quota of \$11440, assigned first of the year, the cash sales in this county for the remaining 10 weeks of the year from October 17 must average \$22173. Chairman M. J. Hartley has informed state headquarters here of his intention to conduct a "Shall-This-County-Fail" campaign, in which an appeal will be directed to the patriotic and civic pride of the people of this community.

French Revolutionary Calendar.
The convention of the French revolution abolished the ordinary calendar and established a new one, beginning about the autumnal equinox, with descriptive names for the months. The present time of year was under that arrangement the last month of the year. It extended from August 19 to September 18 and was called Fructidor (fruit).

Time Brings Joy And Happiness

As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mothers' Friend.

By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing-down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours at the crisis are naturally less. Pain and danger as a consequence is avoided.

Mothers' Friend not only allays distress in advance, but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and free from disfigurement. Write to the Bradford Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and procure a bottle of Mothers' Friend from the druggist. It is just as standard as anything you can think of.

Jobe Brothers Company

20 YEARS AGO

Master Agnew DeHaven has been very ill for the past few days, suffering from a severe attack of the grip.

Born to Mr. and Mrs. Frank McCurren, a fine daughter, Frank is jubilant over the fact and is being congratulated on all sides.

Mrs. Charles Johnson today issued invitations to her lady friends for a reception to be given on Thursday afternoon, Nov. 8.

Misses Nellie and Alice Rinck gave a party last night to a number of their friends at their home on Cincinnati Ave. The affair was in honor of Hal, lowen and was a very enjoyable occasion.

Mr. Frank Shelley's little daughter Gertrude, is able to be up after a severe illness of a couple of weeks.

WANTS HIS MONEY BACK

"I can thank Mr. O'Brien, a neighbor, for my recovery from severe colic attacks and stomach trouble that nearly forced me to cross the river Jordan. I spent thousands of dollars in the past nine years for doctors and medicine and would have died but for my neighbor's advice to use Mayr's Wonderful Remedy. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill, and druggists everywhere. adv

Get-the-Kaiser Day in Ohio

Next Tuesday is Get-the-Kaiser Day in Ohio. You are right back of Uncle Sam and will stay back of him until the war is won. You have no patience with critics and quibblers. You are ready to strike a blow at any organization or institution which is weakening any American line of offense or defense.

THE GREATEST TRAITOR IN THIS COUNTRY IS THE LIQUOR TRAFFIC. NEXT TUESDAY IS THE DAY YOU CAN HELP EXECUTE THIS TRAITOR HERE IN OHIO.

Beer is pro-German. The saloon is Germany's ally. Booze has rendered thousands of young men unfit for military duty. It has destroyed and is destroying millions of bushels of food stuffs. It is wasting fuel and blocking transportation. It has aided German propaganda. It has worked the agents of the kaiser.

IF YOU ACTUALLY WANT TO HELP WIN THE WAR, YOU WILL VOTE TO GET RID OF BOOZE. NEXT TUESDAY IS GET-THE-KAISER DAY IN OHIO. VOTE "YES" FOR PROHIBITION AND YOU WILL VOTE THE SAME WAY THE BOYS ARE SHOOTING.

Vote Early Next Tuesday

Go to the polls early next Tuesday. Do your voting before noon, if possible. It will aid dry workers in rounding up those who need looking after later in the day. Take your neighbor with you. It is lawful for you to haul him to the polls if you are not hired to do so. You can do it as a neighborly act. DO NOT LET YOUR DRY NEIGHBOR STAY AT HOME. The wets are counting on stay-at-home dry voters keeping the state wet. Fool them. Vote early and see that your neighbor votes.

ARTICLE XV Section 9	
X	YES
	NO
Prohibition of the sale and manufacture for sale of intoxicating liquors as a beverage.	

THE MOOSE ARE CALLING IN FORESTS OF NEW BRUNSWICK

New Brunswick Moose

Much Covered Moose Antlers

Bringing in the Trophy

Harry Allen Calling

When the grass begins to crackle underfoot; when the leaves begin to swirl in eddies and the naked branches to reach after them impotently; when the morning crispness hints of coming frosts; then the man with a bit of sportsman blood in his veins, feels the call of the wild.

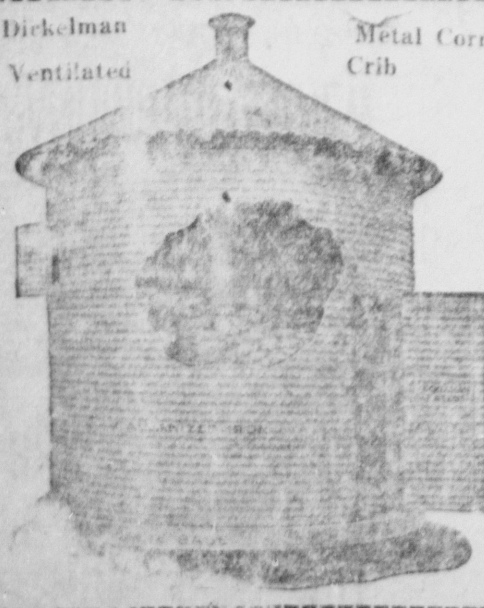

Follows a great furishing and oiling of guns. There's rummaging through closets for boots and leggings and oilskins and warm duck coats. There's writing of letters to places with weird Indian names, to engage guides and camps. There's a

lot of discussion with fellow-sportsmen as to what to take and what not to take, but there is no discussion as to where to go—at least not for the Eastern sportsman. New Brunswick is the hunting ground for him. Accessibility and plentifulness of game guide his choice.

The keen desire of every hunter going into the north woods is to get a moose head. This desire is usually gratified by going to New Brunswick. Its deep woods shelter moose, caribou and deer in great numbers. Black bear and Canada lynx, or wild-cat, offer further big game sport while small game is to be found in riotous abundance.

Stalking moose is the keenest of sport and demands much skill and caution. Moose, as a rule, feed "down wind" and, with their eyes protecting them from the front and their wonderful sense of smell and hearing from the rear, stalking must be done "up wind." Getting your moose by "calling" is possible during the early days of the season.

New Brunswick guides and camps are unexcelled and are prepared to accommodate women who are often members of hunting parties. In the care of a guide like six-foot Harry Allen, a hunter—man or woman—is assured of royal sport, good care and an all-around fine time.

Metal Corn Crib

MAKE YOUR CORN SAFE FROM RATS

It Costs but little the "DICKELMAN WAY" to make your corn absolutely safe from Rats, Fire and Mould. The saving soon pays for the investment.
